

MAY IS NATIONAL

PRESERVATION MONTH

This annual event celebrating the unique and diverse heritage of places initially began as National Preservation Week in 1973. In 2005, the National Trust of Historic Places extended the celebration to the entire month of May, and officially declared it "Preservation Month". Every year, local preservation groups, state historical societies, businesses, and other civic organizations across the country celebrate Preservation Month; the MPC included! During the month of May, the MPC has a virtual video and Instagram series planned to engage our community in the world of historic and cultural preservation. For access to the upcoming virtual Preservation Month events, check out the MPC's [Youtube Channel](#) and the [@MPCHistoricPreservation](#) Instagram account!
