Attachment: Summary of comments from Additional TCC Workshop_12-08-16.pdf

Attachment: GDOT Public Review Period Comments_MPO responses.pdf

Ms. Jane Love, with the CORE MPO, presented the updated CORE MPO Participation Plan. She explained all types of changes that had been made since the last presentation. She noted that the comments from Georgia Department of Transportation and Federal Highway Administration, as well as CORE MPO staff's responses on all comments, had been attached to this meeting's agenda.

Staff recommended that the TCC endorse the updated Participation Plan.

Ms. Aries Little, of GDOT Planning, said that she felt that some of their comments had not been addressed, but that they could discuss at the upcoming certification review.

Board Action: For endorsement of the updated Participation Plan PASS

6. Endorsement of the FY 2017 Unified Planning Work Program UPWP

Attachment: FY 2017 UPWP Adoption Staff Report.pdf

MPC Surrency Conference Room – 3:00 p.m. 112 East State Street, Savannah Minutes

Attachment: 2017 UPWP Draft Version 2 With Illustratives.pdf

Mr. Mark Wilkes, with the CORE MPO, explained that the Draft FY 2017 Unified Planning Work Program (UPWP) is the proposed MPO staff work program for the coming fiscal year that runs from July 1, 2016 to June 30, 2017. Each year, the UPWP details the staff budget and work projects expected to be undertaken by the MPO in support of the federally mandated 3-C (Continuing, Cooperative and Comprehensive) transportation planning process. Mr. Wilkes reviewed all completed, continuing and ongoing projects.

Appendices E and F contain summaries of comments as well as the responses to all comments.

Ms. Pam Bernard asked for more information about the Victory Drive Corridor Study. Mr. Thomson gave an overview, concluding that the Phase IV focus area is about to be selected based on feedback from the recent meetings.

Mr. Wilkes drew the TCC's attention to the section of "illustrative projects." These four projects are being submitted to the statewide competitive selection process for the discretionary Highway Planning funds, consisting of unused planning funds from all over the state, except Atlanta. At the present time, GDOT has about \$5.1 million in unspent planning funds on the books. Staff will not know of the funding decision until the end of March, which is after the MPO Board will be considering adoption of the FY 2017 UPWP. Mr. Mike Weiner asked where local match comes from. Mr. Wilkes said that it used to come from City of Savannah and Chatham County, but the new MOU spells out the local match funding formula, following an approach that was recommended by Federal Highway Administration. It is based on population. Ms. Bernard asked if some of the illustrative projects were also shown in the Sector 12 study. Mr. Wilkes confirmed and explained some of these are required documents and so are not left at risk in the discretionary funding section only. If the MPO is awarded the discretionary funding on these, it would allow other surface transportation funds currently on some of these projects to be released to use on something else. There was some discussion about the timing for establishing performance targets involved in "performance based planning."

Adoption of the FY 2017 UPWP by the CORE MPO Board at the March 9, 2016 meeting will continue the federally required 3-C transportation planning process, thereby ensuring continued eligibility for federal transportation funds.

Staff recommended that the TCC endorse the FY 2017 UPWP to the CORE MPO Board.

Tamara Christion with FHWA stated that FHWA didn't have a chance to look at the second draft and check that previous comments had been addressed, but she would let Mr. Wilkes know once she checked.

Ms. Aries Little, with GDOT, explained the reason she opposed the motion is because some comments are pending, and the illustrative list was just received yesterday. Mr. Thomson said the agencies need to determine how many iterations of comments are feasible on all these documents.

Board Action:			

For endorsement.	
Ms. Aries Little with GDOT opposed the motion because some comments that GDOT sent to the MPO the day before the meeting have not been addressed yet.	- PASS

Michael Weiner	- Aye
Mark Wilkes	- Aye

7. Amendments to the 2040 Total Mobility Transportation Plan

Attachment: 2040 MTP Amendment Staff Report March 2016.pdf

Ms. Wang, with the CORE MPO, explained that in December 2015 CORE MPO received a request from the Georgia Department of Transportation (GDOT) and the Chatham County Engineering Department to amend the 2040 MTP and the FY 2015 - 2018 TIP for three projects. This request entails the following changes:

- 1) include all of the phases of I-16 Widening from I-95 to I-516 to Cost Band One of the 2040 MTP;
- 2) include all of the phases of I-95/I-16 Interchange Reconstruction to Cost Band One of the 2040 MTP;
- 3) have I-16 Widening and I-95/I-16 Interchange Reconstruction as one design-build project in project development and letting;
- 4) release M230 funds from the Ogeechee Road Widening right-of-way phase for use by the I-16 Widening preliminary engineering phase; and
- 5) use all state funds to develop the Ogeechee Road Widening for expedited project delivery.

At the December 2015 meeting the CORE MPO Board authorized staff to conduct further analysis to test fiscal feasibility of incorporating these changes regarding the 2040 MTP and the FY 2015 - 2018 TIP.

Staff recommended that the TCC endorse the Amendment to the 2040 Total Mobility Transportation Plan.

Board Action:

For endorsement of amendments to the CORE MPO's 2040 Metropolitan Transportation Plan to incorporate I-95/I-16 Interchange - PASS Reconstruction and I-16 Widening from I-95 to I-16 into Cost Band One.

Vote Results

8. Amendments to FY 2015 – 2018 Transportation Improvement Program

Attachment: FY 2015-2018 TIP Amendment Staff Report March 2016.pdf

Ms. Wang, with the CORE MPO, told the committee that this proposed amendment to the FY 2015-2018 Transportation Improvement Program (TIP) addresses the same projects covered in the previous item for the Metropolitan Transportation Plan amendment, as well as several additional projects: cost increases for the PE and ROW phases of the Delesseps Ave. project; adjustments in transit funding to reflect actual apportionments from the Federal Transit Administration; splitting of some sector studies into the specific studies. She provided the details on each.

Ms. Wang noted that the only question from CAC members was whether I-16/I-516 interchange was part of the I-16 widening project.

Staff recommended that the TCC endorse the proposed amendments to the FY 2015-2018 TIP.

Ms. Pam Bernard, of Chatham County Engineering, said that they request that sector study funds be moved onto construction of the Truman Linear Park Trail. Details on change in costs and reasons were not provided.

GDOT and FHWA want a scope page after each TIP page.

Board Action:

For endorsement of proposed TIP amendments. - PASS

III. Other Business

IV. Status Reports

9. Regional Traffic Management Center Symposium

Ms. Stephanie Rossi, with the CORE MPO, stated the Traffic Management Center Symposium was on February 11 and included 4 speakers, David Montanye with Cobb County, Chuck Bailey with Gwinnett County, John Hibbard with Georgia Department of Transportation and Jeff Hocmuth with CDM Smith. She noted that the symposium got some news coverage.

Part of the study is to explore the benefits and strategy to implement a TMC here. Phase I was peer tours and inventory. Phase II includes the goals, objectives, strategies and strategic plan that includes steps and funding. The study will be completed before June 2016.

10. Freight Transportation Plan Development

Attachment: Freight Transportation Plan Staff Report March 2016.pdf

Ms. Wykoda Wang, with the CORE MPO, stated that the draft deliverables for the Freight Transportation Plan Phase II have been completed and are available for review on the CORE MPO's website. CORE MPO staff is inviting the MPO Board and advisory committee members to review the reports and provide input. Staff expects to finalize all of the reports and have them adopted by the CORE MPO Board in April 2016.

11. Update on Parking Matters: A Strategic Plan for Parking & Mobility in Savannah

Attachment: Parking Matters - recommendations summary for committees (2).pdf

Mr. Tom Thomson, with the CORE MPO, said the study, as a combined effort of the MPO/MPC and the City of Savannah, has focused not only on parking but also the way it relates to a larger transportation and mobility system for central Savannah. Managing parking goes hand in hand with providing a range of travel options to, from and within the city center. He reviewed the strategies outlined in the study, and announced the times and locations for two identical open houses scheduled for March 3 and March 4.

12. Update on Victory Drive Phase III

Mr. Thomson stated that Phase I (an overview of entire corridor) is complete and the Phase II recommendations (focused on the segment from Ogeechee Road to MLK, Jr. Boulevard) were presented earlier. More information on those phases is available on the web page.

Phase III is going to look at the segment of Victory Drive from Bee Road to Shuptrine Avenue (just east of Skidaway Road). He reviewed the tasks proposed in Phase III.

V. Information Reports (verbal)

A. Federal Highway Administration

13. Presentation

Ms. Tamara Christion, of FHWA in Atlanta stated that the Certification Review is scheduled for May 23-25 and will send a schedule once its finalized.

B. Federal Transit Administration

14. Presentation

No report at this time.

C. Georgia Department of Transportation

15. Presentation

Mr. Troy Pittman reviewed status of projects on the GDOT handout.

D. Member Governments

16. Presentation

City of Richmond Hill: Mr. Scott Allison, gave the status on a few projects in Richmond Hill.

City of Savannah: Mr. Mike Weiner, reviewed the status of City projects off of the City handout.

City of Tybee Island: Mr. George Shaw, stated that the pedestrian crosswalks are done and the approach on the Tybee side of the bridge has been restriped. A turn lane is to be part of a maintenance quick response project.

E. Coastal Regional Commission of Georgia

17. Presentation

No report at this time.

F. Chatham Area Transit Authority

18. Presentation

Mr. Nick Helmholdt, with Chatham Area Transit, stated that CAT has submitted a few grant applications to State Roads and State Road and Tollway Authority (SRTA).

G. Georgia Ports Authority

19. Presentation

No report at this time.

H. Savannah-Hilton Head International Airport

20. Presentation

No report at this time.

I. Savannah Bicycle Campaign

21. Presentation

No report at this time.
